ABOUT US:

Beacon Industries has built its reputations within the aerospace industry for being a world class manufacturer of major rotating components, supporting turbine-engine OEM companies around the world. We manufacture and supply our customers with the most complex components, built to their exacting standards, by some of the most experienced people in the aerospace manufacturing industry - and this is the main reason for our continued success.

For over 65 years, our customers have trusted Beacon to manufacture their products. This trust and responsibility has been earned over the years by supplying quality parts, on time, and within budget. Beacon is able to provide this level of service due to its unique capacity in Broaching, Grinding, CNC turning, and (5 axis) milling supporting the manufacturing of small and large parts alike. We have an array of supporting services in-house which include Design, Programming, and Quality Engineering support.

In addition to and in support of our these resources, Beacon has a full complement of precision machinery and conventional equipment paired with an wide selection of in-house services which include CMM, FPI & MPI NDT Inspection, Spin Balance Testing, Shot-Peening, and much more!

Beacon Industries is a privately held, woman-owned company, and is a US DOD classified small business with NADCAP, ISO9001-2008 and AS9100C certifications.

Beacon Industries offers competitive wages and benefit packages plus 401K, tuition reimbursement, and second shift differential pay.

Beacon Industries is an Equal Opportunity Affirmative Action Employer. EOE M/F/D/V

Only those who meet the minimum qualifications will be contacted for an interview.
